

MIHLE MNCUNZWA

mishssmicrosoft@gmail.com | East London, Eastern Cape

Website: <https://mishsspace.co.za>

PROFESSIONAL SUMMARY

Motivated entry-level candidate with a focus on software development and programming. Experienced in working with technologies such as JavaScript, React, and C#, with a strong interest in building efficient and user-friendly applications. Possesses good communication, time management, and problem-solving skills, and is eager to learn and grow in a professional development environment.

PRACTICAL EXPOSURE

Frontend, DevOps & Database Engineer (Hackathon Project) – Lablab.ai
2025

- Developed responsive dashboards and UI components using React, Vite, and Tailwind CSS for an AI-powered sales automation agent
- Designed and managed database structures to support lead prioritisation, sales insights, and workflow data processing
- Integrated frontend applications with backend APIs to enable real-time data visualisation and automated workflows
- Collaborated in a 48-hour hackathon to build an end-to-end agentic AI system using IBM watsonx Orchestrate
- Contributed to deployment and system setup using GitHub and cloud-based infrastructure tools
- Worked within a cross-functional team to deliver a functional prototype under tight deadlines

Fullstack Developer (Academic Project) – Claims Management System
2025

- Developed an ASP.NET Core MVC application to manage lecturer claims with distinct admin and user roles

- Implemented secure authentication and role-based access control using ASP.NET Core Identity
- Designed and built a structured claims workflow, enabling lecturers to submit claims and admins to review, approve, or reject submissions
- Created responsive user interfaces and dynamic navigation based on user roles and authentication status
- Applied form validation and data integrity principles to ensure accurate and reliable data submission
- Integrated backend logic with frontend views to deliver a seamless and efficient user experience

TECHNICAL SKILLS

Languages:

JavaScript (ES6), C#, Java, Kotlin

Frontend Development:

HTML, CSS, React.js, Jetpack Compose, Vite, Tailwind CSS, Responsive Web Design

Backend Development:

ASP.NET MVC, .NET Core, Razor Pages, MySQL, Entity Framework, Relational Databases, Firebase

Tools & Technologies:

Git, GitHub, REST API Integration, Microsoft Azure

UI/UX & Design:

Figma, FigJam, Wireframing, Prototyping, UI/UX Principles, UI Component Development

KEY SKILLS

- Willingness to learn
- Teamwork and collaboration
- Time management
- Attention to detail

- Basic computer skills (MS Word, Email, Internet)
- Problem solving
- Ability to follow instructions
- Honest and dependable

EDUCATION

Emeris – Port Elizabeth
Bachelor in Computer & Information Science
2026

Emeris – Port Elizabeth
Higher Certificate in Application & Web Development
2023

CERTIFICATES / TRAINING

Introduction to Coding – SheCodes – 2025
